It is quite possible that the four serbas represent the four elements from their meanings and motions, although in a sense the first contains all. In another sense they represent the same principles as the four letters of the sacred name. They also represent:

1st Serba	The Declaration	Shariat	Law Obedience	Childhood
2nd Serba	The Lord is God Alone	Tarikat	Path to Knowledge	Youth
3rd Serba	He is God	Hakeekat	Knowing the Truth	Maturity
4th Serba	He	Marefat	Being the Truth	Superman

Symbols: We go from the circumference toward the center. The science and law of Growth in **All Things**.
